

# What we hope to do together

1. build connections with each other
2. Identify our personal gifts
3. Identify and map our community gifts
4. come up with new ideas to strengthen our community

# What is Community Asset Mapping?

“Community Asset Mapping a process that can be used to mobilize a community to use its assets around a vision and a plan to solve its own problems.” John McKnight

Community Mapping can also be the best place to begin person-centred planning
